

## CANADIAN LAKEHEAD WIRELESS EXPERIMENTERS

Meeting, October 8th, 1936

A dinner meeting of the association was held in the Y.M.C.A. on Thursday, October 8th, 1936, with 17 members attending and President, C. MacDonald presiding.

The minutes were adopted as read on a motion by B. O'Brien, seconded by M. Cavaney.

The Treasurer's report was also adopted without discussion.

P.J. O'Shea, Chairman of the Picnic Committee, tendered his report of the outing to Hydro, after which a vote of thanks was accorded Mr. Cavaney for his entertainment and hospitality during the day of the picnic.

Considerable discussion followed Mr. O'Shea's report on his committee's activities in connection with the proposed amateur club room but the matter was left open until further information could be gathered.

M. Cavaney gave a very interesting talk on "Power Limitations" and "What to do with the new ham" and this was followed by general discussion for some time, after which the meeting adjourned.
